

ABUS GRANIT Power XS 67/105HB50

Tootekirjeldus

The 14 mm shackle made of specially hardened steel is double-locked in the well-armoured lock body. And while an ABUS XPlus cylinder hampers attempts at picking, the LED torch key makes locking and unlocking easy for you even at night.

Moreover, the GRANIT™ Power XS 67 prevents you from setting off when it is locked thanks to the included memory cable. And to enable you to benefit from the GRANIT™ Power XS 67 protection for as long as possible, a manual cover guards the keyhole against dirt and corrosion.

Technology:

- 14 mm shackle (17 mm with coating)
- Double-locking mechanism securing the shackle in the lock body
- The shackle, the lock body and the structural parts of the locking mechanism are manufactured using specially hardened steel
- A soft silicone cover protects from scratches
- ABUS XPlus cylinder for exceptionally high protection against manipulation attempts such as picking
- Two keys are included in the scope of delivery, one of which is an LED torch key
- Manual cover to protect the keyhole from dirt and corrosion
- ABUS Code Card for additional and replacement keys
- A Memory Cable to prevent you from accidentally pulling away with the motorbike locked is included in the scope of delivery

Operation and use:

- Great protection where there is a medium risk of theft
- Recommended for attended car parks or short stays

Key Features:

- Ice Spray Tested
- Multiple Lock Can Be Operated With A Single Key
- Active Locking With A Key Required
- Light Key Included
- Test Steel Of Osimz,Moscow,Russia
- Level 14 Abus Global Protection Standard
