ABUS Ivera Steel-O-Flex 7200 Armored Cable Lock

- Flexible cable lock including double protection: With the IVERA Steel-O-Flex™ 7200 you can lock your bike twice as securely.
- A good choice for all those who want to park their bike without worries: The IVERA Steel-O-Flex™ 7200 protects against thieves with a steel cable that is additionally sheathed with overlapping steel sleeves. Nobody cuts through this combination without further ado. At the same time, the shed-like sheathing maintains flexibility when connecting - a convenient plus in daily use.

Features of ABUS Ivera Steel-O-Flex 7200 Armored Cable Lock:

- Good protection for medium theft risk
- Recommended for securing good two-wheelers
- 22 mm thick, overlapping steel sleeves protect the internal steel cable
- New, functional, durable and highly flexible synthetic fibre casing to protect against paint damage
- The steel sleeves, the housing and the supporting parts of the locking mechanism are made of specially hardened steel.
- Due to the steel sleeves, Steel-O-Flex™ locks achieve a significantly higher level of security than simple cable locks while still maintaining a high level of flexibility (double protection)
- Security Level Bike 7/15
