

Võutmete lõikamismasin Keyline 202

Tootekirjeldus

- The 202 model is a key cutting machine for bit, double-bit and pump keys.
- The self-centering grips guarantee the safe and reliable locking of the key, and the machine's cast iron structure can eliminate any vibration, thus ensuring absence of noise and duration.
- The two-speed motor makes it possible to set the speed according to the material, thus obtaining high cutting precision and lengthening the life cycle of the cutter.
